Syracuse University Literacy Corps

12,258 hours
127 SU tutors
2,165 SCSD students
27 external partners

Syracuse University Literacy Corps (SULC) is Syracuse University's America Reads school-based experiential learning initiative. Syracuse University students from all majors are trained and serve as tutors in local school settings while developing critical career skills. SULC is foundational to the Shaw Center's initiatives.

Safety and Transportation

20,856 transports
941 SU students
9 SU colleges

Shaw Center partners with campus units to ensure students have safe access to and from community sites. Seventy percent of student riders are completing academic placements. Thirty percent are doing extra-curricular volunteering.

Engineering Ambassadors

300 hours
78 SU volunteers
101 SCSD students
5 external partners

Engineering Ambassadors mobilizes Syracuse University College of Engineering and Computer Science students as STEM ambassadors who develop professional skills to design and deliver engaging, hands-on science lessons at middle schools while deepening their content and civic knowledge.

Nutrition Initiatives

984 hours
32 SU volunteers
108 SCSD students
3 external partners

Nutrition Initiatives focus on educating elementary and high school students about health and good nutrition. This initiative is composed of three separate programs, Books and Cooks, Cooking on the Hillside, and Food Busters!

Balancing the Books

1,026 hours
32 SU volunteers
55 SCSD students
2 external partners

Whitman School of Management students work and learn alongside Syracuse City middle and high school students translating college-level content into age-appropriate and engaging weekly lessons on financial literacy, reading, writing, mathematics, and other life skills.

Community Engagement

7,600 hours
380 SU volunteers
37 external partners

Shaw Center partners with academic courses, projects and programs to facilitate experiential community learning opportunities for students. External partners engage students in programs that meet community needs.
