MISSION

The Shaw Center engages students, faculty, staff and community in the high impact practice of experiential learning through community engagement to enhance the academic experience, foster reciprocal campus-community partnerships, and ensure institutional efficiencies and effectiveness.

SU LITERACY CORPS

4,145 Hours
76 SU Tutors
951 SCSD Students
27 Community Sites

As part of America Reads, Syracuse University students from all majors are trained and serve as tutors in local school settings while developing critical career skills.

ENGINEERING AMBASSADORS

1148 Hours
131 SU Volunteers
145 SCSD Students
6 Community Sites

Engineering Ambassadors mobilizes SU students as STEM ambassadors who develop professional skills to design and deliver hands-on science lessons at middle schools while deepening their content and civic knowledge.

SUITE

Syracuse University Information Technology Experience (SUITE), an initiative piloted in Spring 2022 with high school students, engages students in the Syracuse community through lessons surrounding technology literacy and its application.

BALANCING THE BOOKS

694 Hours
31 SU Volunteers
80 SCSD Students
3 Community Sites

Whitman School of Management students collaborate with local middle and high school students, teaching weekly lessons on financial literacy and other life skills, while strengthening reading, writing, math, and interpersonal skills.

NUTRITION INITIATIVE

349 Hours
44 SU Volunteers
358 SCSD Students
4 Community Sites

The Nutrition Initiative, comprised of Books and Cooks, Cooking on the Hillside, and Food Busters, focuses on educating elementary and high school students about good nutrition, healthy habits, and the impact of food on the body.

PIE

A Collaboration with Center for Teaching and Learning Excellence, Partnership for Inclusive Education (PIE) pairs teaching faculty with undergraduate student consultants for a semester-long exchange of perspectives on teaching and learning in a particular course.
